Reports:

1. Arts and Sciences, Lady Godiva d'Mer
   a. There is an Old Masters auction happening at Sotheby's this weekend. Many of the paintings and drawings are in-period, and, for those not wishing to buy a painting, they are available until Friday at 8pm, for viewings.
   b. We had a medieval games night, it was very successful, with several people coming and going throughout the night.
   c. Our future classes will be pouch-making, bobbin lacing, needle tatting, making bracelets, basic handsewing, and english hats.
2. Webminister, Lady Alienor Salton
   a. We would really like to get more things from people to put on the site; such as events, and travel reports for non-SCA events that are still relevant to people's interests.
      i. We are also keeping up with the calendar
   b. Lady Godiva volunteers to go into the old mailing list and send Lady Alienor the last article number. This will further the transfer over to the new mailing list.
3. Seneschal, Lady Alienor Salton
   a. We have a potential new venue, please contact Angelica for more information.
   b. Cloisters Demo is not yet on the schedule, but will likely be in mid-September, as usual. We are invited back.
4. Youth Marshal, Mathghamhain Ua Ruadháin
   a. We need to get a pell, and actual list ropes.
      i. We hope to build a pell, and, once we have groups large enough for a tournament structure, we will need list ropes.
   b. We will be having practices in the Spring, possibly in Central Park
5. Knight Marshal, Lord Luis de Castilla [in absentia]
   a. There is no heavy fighting at the moment, due to the weather. Archery is also closed for the season, and fencing will start up when the weather is warmer.
